## **GMAA Membership Application Form**

The GMAA (Giant Model Association Australia) was formed in 2016 to represent the interests of those who build and fly large model aircraft.

GMAA is the only organisation devoted entirely to this branch of the hobby which is recognised by the MAAQ, MAAA and CASA.

GMAA are serious about a code of ethics and all members are expected to adhere to those conditions

Among our members we have some of the most experienced modellers in Australia so there's always someone ready to assist on any aspect of the hobby.

- Minimum Gold Wings Mandatory
- A pre inspection and the sighting of your MAAA certification will be required by GMAA inspectors for all member's models prior to being permitted to fly.
- Most of all the GMAA offers a warm welcome and unrivalled camaraderie, so take a step up in this great hobby of ours, come and join us - you'll be glad you did!
- Criteria is a guide with the intent being large / giant models only. Eg a 1/4 scale Cub may meet the requirements but it does not meet the intent, likewise 1/3 scale Cassutt racer does not meet requirements but does meet the intent so would be welcome.
- All models must meet the following requirements (Please if you have questions refer to Peter Love our Rules Director [pjsb13@optusnet.com.au](mailto:pjsb13@optusnet.com.au)).
  1. Must be a large IAW MOP 015 - Heavy Models.
  2. Monoplane 90 inches or 55cc Engine
  3. Bi Plane 80 inches
  4. Jet 15Kg
  5. Glider 1/4 Scale
  6. Helicopter 7 Kg
